SNOWSTRAPPS

Overview

Snowstraps are designed to provide additional strength to rainwater systems by attaching in-between the spouting brackets and fixing to your roof.

Features

- ✓ Double rivets into the spouting bead for additional shear loading.
- ✓ Colours to match and blend with your roof colour*
- ✓ Can be retro-fitted.
- ✓ Designed & manufactured in New Zealand.
- ✓ Additional support for high wind zones

Finish Range	Base Material	Colour Choice	Tip Material	Snow loading	Compatible with:
CG Range	MagnaFlow™	Top 15 Colours	MagnaFlow™	Up to 2.0kpa**	All Continuous Group spouting profiles
Designer Range	MagnaFlow™	34 Designer Colours	MagnaFlow™	Up to 2.0kpa**
